Intermediate Web Package

- Sometimes, you just need a little more. This package includes everything you need to make a splash online. Includes - Site Design (10 Pages), Intense Graphical Layout, Submission to over 100 search engines and lists (with aggressive Search Engine Optimization), E-mail Setup, Digitalization of your current logo or creation of a new one, and 1 Month Hosting.

The Big One

- Blow the competition out of the water (or the kitchen) with this stunning package of features. Absolutely EVERYTHING you need to create a formidable presence online. We don't skimp, we splurge! Includes - Conventional OR Flash Design (15 Pages), Mind-blowing Graphical Layout, Submission to over 100 search engines and lists (with FANATICAL Search Engine Optimization), E-mail Setup, 1 Month Hosting, and Digitalization of your current logo or creation of a new one.

FLASH WEB DESIGN*

- The visual possibilities are endless with a flash site. Flash sites make wonderful informational sites, and are excellent for conveying your products and services in a visually appealing manner. The cost of Flash development varies greatly from project to project, so please contact us to discuss project options, so we can give you a quote and get the ball rolling. **Carpe Diem! E-COMMERCE WEB DESIGN***

- If you have a store, and you are thinking about selling things online, then the JPG - E-Commerce package is for you! With extensive experience in the area of e-commerce, we can set you up with a well built, secure, and user friendly shopping system. As in many things, the cost depends greatly on the project, so contact us today to tell us what you are looking for, and we will issue you a quote.
